

# The DUX 101

THE DEFINITION OF THE DUX SLEEP SYSTEM, PURE AND SIMPLE

The DUX 101 dynamic two-layer base is the perfect introduction to the legendary DUX comfort and support, and to a better night's sleep. Predrilled holes with grommets make headboard attachment easy. The DUX 101 comes with our Xupport Top Pad, as well as a choice of bed legs in various styles and finishes. The DUX 101 is handcrafted from the finest materials, and is presented in its own storage bag.

## Experience the DUX Difference

### SWEDISH STEEL SPRINGS

At the heart of The DUX 101 are Swedish steel springs – nearly 2 times as many as an ordinary bed. More springs provide better contouring for your body, reducing pressure points which can help improve circulation.

### EXTRA SUPPORT

The DUX 101 comes with our Xupport Top Pad. This 6 cm replaceable cotton covered latex top pad adds extra softness and cushioning.

### SPRING MATTRESS

Spring mattress with latex, cotton filling and two layers of springs on an interior hardwood frame. Available in medium or firm spring densities.
